The information contained on this chart is based on standard U.S. product formulations and discloses the 8 principal allergens identified by the FDA. For more detailed ingredient information refer to the 'Ingredients' pdf on our website. Variations may occur due to a variety of factors and circumstances, including, but not limited to differences in suppliers, ingredient substitutions, recipe revisions, product assembly and seasonal variances. Product participation may vary by location and test products are not included. This information is current as of June 15, 2011.

The information on this chart is reported for informational purposes only by Carl Karcher Enterprises, Inc. Neither CKE, its franchisees, or its employees assume any responsibility for sensitivity or allergy to any food product provided in our restaurants. We do not have an allergen free cooking environment. All products are prepared in the same kitchen area. Anyone with food sensitivities, allergies, or special dietary needs should consult a medical professional regarding the suitability of our food products, and should regularly review the information contained at www.carlsjr.com for content updates.

*Note: Ice cream and other products used in our shakes and malts may be processed in facilities where peanuts or tree nuts are present.
